

OFFICIAL TRANSCRIPT

Date issued: 25 Jun 2025

Student Information

Student name: Sandiso Mayekiso

Student ID: SM24120016677

Programme Information

Programme: Cyber Security

Delivery mode: Online

Status: 100% Complete

Completion date: 25 Jun 2025

Average Grade	Class Rank	Tasks Completed
97	14 of 64	52

Level 1

Task	Score (%)	Status
Cyber Crimes	100	Completed
Governance, Compliance, and Roles	100	Completed
Pseudocode	100	Completed
Your First Computer Program, and Using Variables	100	Completed
The String Data Type	81	Completed
Numerical Data Types	100	Completed
Control Structures - If, Elif, Else and the Boolean Data Type	88	Completed
Logical Programming - Operators	100	Completed
Capstone Project - Variables and Control Structures	100	Completed
Control Structures - While Loop	100	Completed
Control Structures - For Loop	81	Completed
Defensive Programming - Error Handling	88	Completed
String Handling	100	Completed
Data Structures - The List	75	Completed
IO Operations - Input	88	Completed
IO Operations - Output	88	Completed

Task	Score (%)	Status
Data Structures - Lists and Dictionaries	100	Completed
Programming with Built-in Functions	100	Completed
Programming with User-defined Functions	100	Completed
Debugging - The Stack Trace	100	Completed
Capstone Project - Lists, Functions, and String Handling	100	Completed
Data Structures - 2D Lists	100	Completed
Defensive Programming - Exception Handling	81	Completed
OOP - Classes	100	Completed
OOP - Inheritance	100	Completed
Capstone Project - OOP	94	Completed

Level 2

Task	Score (%)	Status
System Architecture	100	Completed
Setting Up for Cyber Security - Kali Linux, HTTP, and SSH	100	Completed
Cyber Security Tools - Linux	100	Completed
Cyber Security Tools - Bash Scripting	100	Completed
Cyber Security Tools - Cronjobs	100	Completed
Web Development Overview	100	Completed
HTML Overview	100	Completed
Semantic HTML	94	Completed
CSS Overview	100	Completed
Introduction to Hashing	100	Completed
PKI and Man-in-the-middle Attacks	100	Completed
Capstone Project - Cyphers	94	Completed

Level 3

Task	Score (%)	Status
XSS (Cross-Site Scripting) Vulnerability	100	Completed
Databases	100	Completed
Relational Databases	100	Completed
SQL	100	Completed
SQLite	100	Completed

Task	Score (%)	Status
SQL Injection	94	Completed
Capstone Project - Databases	100	Completed
Server Security	100	Completed
Logging	100	Completed
Penetration Testing	100	Completed
Digital Forensics	88	Completed
Incident Response	100	Completed
A Toolbox for Ethical Hacking	100	Completed
Capstone Project - Case Study	94	Completed
